RIVERSIDE GENERAL HOSPITAL (FICTIONAL) - SURGICAL WARD
CARING FOR YOUR WOUND AFTER KEYHOLE SURGERY
SYNTHETIC TEST DOCUMENT - FICTIONAL PATIENT - NOT FOR CLINICAL USE

- Remove the outer dressing after 48 hours.
- The small paper strips (Steri-Strips) will fall off on their own in 7 to 10 days. Do not pull them off.
- Apply a new dry dressing as instructed by your nurse.
- Check your wounds daily for redness or discharge.
- If you notice a wound opening, or bleeding that does not stop with gentle pressure, contact the surgical ward.
